Quotes

Paladin Caseworks is happy to quote library furniture built to custom requirements. For assistance in quoting any project please contact   Dave Dettloff
Phone: 847.729.8754
Fax: 847.729.8753
Email: dave@paladincaseworks.com

Terms of Sale

To those distributors with approved credit, all invoices will be due 1% 10, Net 30 days, F.O.B. Shipping Point. All other accounts will be Net Cash before shipment. Distributors must be established with net 30 terms prior to participating in any local, state or federal cooperative bid.

Changes to Orders

Changes to orders already acknowledged are subject to a fee covering the cost of making the requested change, with a minimum charge of $65.00.

Cancellation of Orders

All acknowledged orders are considered firm and cannot be canceled without written authorization from Paladin Caseworks. A cancellation fee will be calculated based upon cost incurred by Paladin Caseworks with a minimum charge of $65.00.

Return Authorization

Paladin Caseworks will honor a 30 day return policy. All products returned must be free from defect and will be subject to a 20% restocking fee with a minimum charge of $65.00. All freight charges will be borne by the buyer. All returns must have a Return Authorization number issued prior to the return of the product. Contact Paladin Caseworks Customer Service department at 574.233.8778 for return authorization. Paladin Caseworks cannot accept returns of any special or custom made products including special finishes and laminates (any laminate other then our standard wood grain laminates). After 30 days, goods can be returned only as provided for in Paladin Caseworks standard warranty.

Warranty

Paladin Caseworks will provide a limited 12 year warranty on its manufactured wood library furniture. The warranty will provide to repair or replace any wood components at no cost due to poor workmanship or substandard quality, subject to normal wear and tear. All purchased parts and hardware components will be to the warranties extended by their individual manufacturers. Specifically excluded from warranty claims will be abusive or abnormal usage, water damage, or damage from solvents, products altered or modified by the user, or user's attached accessories. Also excluded is any freight damage, concealed or otherwise, as this should be filed with respective carrier. Warranty does not extend to variations of wood grain patterns or color variations caused from wood properties.

Freight Damage and Shortages

All freight damages on prepaid and add shipments must be reported to Paladin Caseworks within 15 days of delivery.

All shortages must be reported to Paladin Caseworks within 30 days of delivery. Any freight damage or shortage reported after these dates will be at the expense of the dealer including but not limited to materials and freight charges.

Product Images

There are three ways a dealer may obtain images of products by Paladin Caseworks for marketing purposes.
1.) Contact Paladin Caseworks for available images
2.) If image is not available, Paladin Caseworks will provide products at no charge, if dealer agrees to share the image for Paladin Caseworks' use in and with other catalogs.
3.) If the dealer requires images unique to their catalog or other marketing materials, product can be purchased at a 30% discount and are liable for all freight charges. Product is not returnable and non refundable.

Custom or Specialty Manufacturing

While Paladin Caseworks offers a complete line of library furniture, we realize there are job specific requirements that may differ from our standard offering. Please contact the sales office or the manufacturing facility for pricing on custom designs, special wood finishes, specific species of veneers or COM fabrics.

Paladin Caseworks is a certified Corian® Solid Surfacing fabricator.

* Orders from Pionite will have an additional week lead-time due to availability

OXFORD SERIES SHELVING

Paladin's fine finished solid oak library shelving is sanded to a silky smooth finish using 150 grit sand paper. Panels are 1" thick, selected Solid Northern Red Oak. All units have adjustable shelves in 1 1/4" increments in 3/4" Solid Northern Red Oak. Paladin's rich, deep, and lustrous wood stains are accomplished by our five step finishing process. Starting with hand sanding and completed with a top coat of clear catalyzed lacquer for an extremely hard and durable finish. As with all of the Paladin Caseworks products – Oxford shelving can be ordered with a custom stain and custom laminates to perfectly match your color scheme.

Fully captured backs are included for a more finished look and added stability. Backs are a true ¼" red oak veneer MDF core finished to match shelving units. Backs for double sided units are finished on both sides. Single sided backs are finished on one side.

All units 72 and 82" high include our unique H-brace made of oak veneer plywood. This H-brace is designed to eliminate bowing that may occur when temperature and humidity change.

Our standard Oxford shelving is available in several depths and heights and can also be ordered in any custom size to fit your unique needs.

Shelving units are carefully hand packaged for shipment. Assembly is required. For ease of assembly "Quick Assembly" instructions, with a parts list, is enclosed with each unit. All assembly hardware is USA standard size, no special tools are required.

Every piece of furniture is available in any combination of the following heights and depths:

Single Faced Units:
30", 42", 60", 72" and 82" high
8", 10" and 12" deep

Double Faced Units:
42", 60", 72" and 82" high
16", 20" and 24" deep

Custom and complete library projects are available on a quoted

H-Brace Detail

Magazine Shelf

The Oxford Series Shelving

End Panels are 1" thick, Solid Northern Red Oak
Center Panels are 1" thick, Solid Northern Red Oak

Shelves are ¾" Solid Northern Red Oak
Shelf Increments are adjustable in 1 1/4" increments
Shelf Pins mount on 5mm Steel pins in holes drilled 32mm on center

Top Fillers for shelving units 42" and 60" h utilize durable High Pressure Laminate. Shelving units that are 72" and 82" h, top fillers are inverted so the wood veneers are visible.
Bases are constructed of 3 ½" thick veneer core plywood

Species of wood veneers available standard include Oak and Maple. Other species available upon request.
Finish process includes a coat of catalyzed clear varnish
Finish Colors available as standard include Lt, Med, Dark, Chestnut and Mahogany on Oak and Natural or Cherry on Maple. Custom finishes available upon request.

Optional accessories include Picture book shelves w/ Wire Dividers and Magazine Display Shelves.

OXFORD CIRCULATION DESK

The Oxford Circulation Desks is created with a unique blend of old world craftsmanship and modern engineering. This modular wood desk ships completely set-up like fine case goods utilizing traditional dowel and glued joints. All units can be mixed and matched to configure into a personalized circulation desk that supports your work style. Desks units, storage units and technical units are available in either elementary height (32") or adult height (39"). Multiple storage options are also available to optimize your storage and organizational needs.

All Oxford circulation desk tops and counters are 1 ¼" thick for extra rigidity. The .050 thick high pressure laminate top with balancing backer sheet eliminates warping. These continuous laminate tops and work surfaces are self-edged for a clean overall look.

All Oxford circulation desk components receive Paladin's rich, deep, and lustrous wood stains, accomplished by our five step finishing process. Starting with hand sanding and completed with a clear catalyzed lacquer for an extremely hard and durable finish.

As with all of the Paladin Caseworks products – Oxford's circulation desks can be ordered with a custom stain and custom laminates to perfectly match your color scheme.

Our standard Oxford circulation desk components are available in many shapes and heights but you can also order any custom configuration or size to fit your unique needs.

Every piece of furniture is available in any combination of the following heights:

Elementary Height:
32" high cabinets and patron
    ledges
29" high librarian work surfaces

Standard Height:
39" high cabinets and patron
    ledges
29" high librarian work surfaces

The Oxford Series Circulation Desk

End Panels are 3/4" thick Oak Veneer Plywood

Panels feature Plain Sliced Red Oak Veneer

Counter Tops are continuous, 29"d made from .050 High Pressure
    Laminate with balancing sheet on a 1 ¼" thick particle board core

Modular Sectional Pieces are constructed of ¾" Oak Plywood using
    Dowel, Glued and screwed construction

Species of wood veneers available as standard include Oak and Maple
    Other species are available upon request.
Finish process includes a final coat of catalyzed clear varnish
Finish Colors available as standard include Lt, Med, Dark, Chestnut and
    Mahogany on Oak and Natural or Cherry on Maple
Accessories include pedestals in multiple configurations, keyboard pull
    out, lap drawer, grommets and J-channel.

Optional accessories include grommets and desk pedestals in 5 styles

OXFORD READING TABLES

The Oxford Table Series is a unique blend of old world craftsmanship and modern engineering. All tables feature the traditional leg and apron attachment system. The 2 1/4" legs reinforced with a metal corner bracket secured into the apron and bolted through the plate and into the leg. Legs must be attached to table.

Oxford tables have a 1 ¼" thick top that utilizes a .050 thick high pressure laminate with balancing backer sheet to eliminate warping. A ¾" x 1 ¼" northern grown solid oak edge band is hand applied and profiled. The unique edge band gives you the durability of an external edge without the void usually found between the HPL and hardwood.

Paladin's rich, deep, and lustrous wood stains are accomplished by our five step finishing process. Starting with hand sanding and completed with a coat of clear catalyzed lacquer for an extremely hard and durable finish.

As with all of the Paladin Caseworks products – Oxford's tables can be ordered with a custom stain and custom laminate to perfectly match your color scheme.

Our standard Oxford tables are available in many shapes and heights but can also be ordered in any custom shape or size to fit your unique needs.

Every piece of furniture is available in any combination of the following depth, width or heights:

Elementary Height, 27" h:
30, 36, 42, and 48"deep
42, 48, 60, 72 and 90" wide

Standard Height, 29" h:
30, 36, 42, and 48" deep
42, 48, 60, 72 and 90" wide
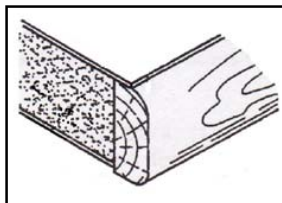

The Oxford Series Reading Table

Legs are made of 2 ¼" square glued up strips of Solid Oak
Glides adjust to 3/4"
Attachment of leg to top is secured using Corner Apron bracket with lag bolt
Apron is constructed from 1" thick Oak Veneer Plywood and is an integral part of the leg attachment assembly

Tops have a .050 High Pressure Laminate face and balancing sheet over a 1 ¼" Particle Board Core with a ¾" Red Oak Trim

Finish process includes a final coat of catalyzed clear varnish

Finish Colors available as standard include Lt, Med, Dark, Chestnut and Mahogany on Oak and Natural or Cherry on Maple

**Laminate Selections** available from all standard Wilson Art, Pionite, Formica or Nevamar

COLUMBIA SERIES SHELVING

All of Paladin's fine finished red oak veneer plywood library shelving is sanded to a silky smooth finish using 150 grit sand paper. Panels are 1" thick, selected Northern Red Oak veneered plywood. All units have adjustable shelves in 1 ¼" increments in 3/4" solid oak or optional 18 gauge steel. Paladin's rich, deep, and lustrous wood stains are accomplished by our five step finishing process. Starting with hand sanding and completed with a top coat of clear catalyzed lacquer for an extremely hard and durable finish. As with all of the Paladin Caseworks products – Columbia's shelving can be ordered with a custom stain and custom laminates to perfectly match your color scheme.

Fully captured backs are included for a more finished look and added stability. Backs are a true ¼" slate gray melamine MDF core. Backs for both double sided and single sided units are finished on both sides. Veneer MDF backs are available to match at a slight up-charge.

All units 72 and 82" high include our unique H-brace made of oak veneer plywood. This H-brace is designed to eliminate bowing that may occur when temperature and humidity change.

Our standard Columbia shelving is available in several depths and heights and can also be ordered in any custom size to fit your unique needs.

Shelving units are carefully hand packaged for shipment. Assembly is required. For ease of assembly "Quick Assembly" instructions, with a parts list, is enclosed with each unit. All assembly hardware is USA standard size, no special tools are required.

Every piece of furniture is available in any combination of the following heights and depths:

Single Faced Units:
30, 42, 48, 60, 72 and 82 high
8, 10 and 12 deep

Double Faced Units:
42, 48, 60, 72 and 82 high
16, 20 and 24 deep

H-Brace Detail

The Columbia Series Shelving

End Panels are 1" thick Oak Veneer Plywood
Center Panels are also 1" thick Oak Veneer Plywood

Shelves are ¾" Solid Northern Red Oak
Shelf Increments are adjustable in 1 ¼" increments
Shelf Pins are mounted on 5mm Steel pins in holes drilled 32mm on center

Top Fillers for shelving units 42", 48" and 60" h utilize durable High Pressure Laminate surfaces. Shelving units that are 72" and 82" h, top fillers are inverted so the wood veneers are visible inside the shelving unit.
Bases are constructed of 3 ½" thick Veneer core Plywood

Species of wood veneers available standard include Oak and Maple. Other species available upon request.
Finish process includes a coat of catalyzed clear varnish
Finish Colors available as standard include Lt, Med, Dark, Chestnut and Mahogany on Oak and Natural or Cherry on Maple. Custom finishes avail able upon request.

Optional accessories include solid picture book shelves w/ wire dividers, Plywood magazine display shelves, 18 ga steel flat, backstop, picture book, magazine and multi-media shelves, book stops, mobile shelving with steel bases and optional veneer backs.

COLUMBIA CIRCULATION DESK

The Columbia Circulation Desk is created with a unique blend of old world craftsmanship and modern engineering. This modular wood desk ships completely set-up like fine case goods utilizing traditional dowel and glued joints. All units can be mixed and matched to configure into a personalized circulation desk that supports your work style. Desks units, storage units and technical units are available in either elementary height (32") or adult height (39"). Multiple storage options are also available to optimize your storage and organizational needs.

All Columbia circulation desk tops and counters are 1 ¼" thick for extra rigidity. The .050 thick high pressure laminate top with balancing backer sheet eliminates warping. A ¾" x 1 ¼" northern grown solid oak, external edge band is hand applied and profiled.

All Columbia circulation desk components receive Paladin's rich, deep, and lustrous wood stains, accomplished by our five step finishing process. Starting with hand sanding and completed with a clear catalyzed lacquer for an extremely hard and durable finish.

As with all of the Paladin Caseworks products – Columbia's circulation desks can be ordered with a custom stain and custom laminates to perfectly match your color scheme.

Our standard Columbia circulation desk components are available in many shapes and heights but you can also order any custom style, configuration or size to fit your unique needs.

Every piece of furniture is available in any combination of the following heights:

Elementary Height:
32" high cabinets and
    patron ledges
29" high librarian work
    surfaces

Standard Height:
39" high cabinets and
    patron ledges
29" high librarian work
    surfaces
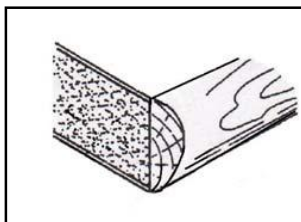

The Columbia Series Circulation Desk

End Panels are ¾" thick Rift Cut Oak Veneer Plywood
Front Panels feature Rift Cut Red Oak Veneer

Counter Tops are an integral part of each modular unit, .050 High
        Pressure Laminate with balancing sheet on a 1 ¼" thick particle
        board core

Modular Sectional Pieces are constructed of ¾" Oak Plywood
        using dowel, glued and screwed construction with decorative
        accents of oak trim rail.

Species of wood veneers available as standard include Oak and
        Maple. Other species are available upon request.
Finish process includes a final coat of catalyzed clear varnish

Finish Colors available as standard include Lt, Med, Dark, Chestnut
   and Mahogany   on Oak and Natural or Cherry on Maple

Accessories include pedestals in multiple configurations, key   board pull
   out, lap drawer, grommets and J-channel.

COLUMBIA READING TABLES

The Columbia Series Table features the strongest table leg attachment system – solid oak legs attaching to a ¼" steel plate with two steel bolts into an imbedded double barrel nut. Each leg plate assembly is then machine bolted into the table top in a star pattern of five pre-threaded metal inserts. Leg must be attached.

Columbia tables have a 1 ¼" thick top that utilizes a .050 thick high pressure laminate with balancing backer sheet to eliminate warping. A ¾" x 1 ¼" northern grown solid oak edge band is hand applied and profiled creating a rounded external edge.

Paladin's rich, deep, and lustrous wood stains are accomplished by our five step finishing process. Starting with hand sanding and completed with one coat of clear catalyzed lacquer for an extremely hard and durable finish.

As with all of the Paladin Caseworks products – Columbia tables can be ordered with a custom stain and custom laminate to perfectly match your color scheme.

Our standard Columbia tables are available in many shapes and heights but can also be ordered in any custom shape or size to fit your unique needs. Custom edge treatments also available.

Optional Troy edge

Every piece of furniture is available in any combination of the following depth, width or heights:

Elementary Height, 27" h:
30, 36, 42, and 48"deep
42, 48, 60, 72 and 90" wide

Standard Height, 29" h:
30, 36, 42, and 48" deep
42, 48, 60, 72 and 90" wide

Custom and complete library projects are available on a quoted basis.

The Columbia Series Reading Table

Legs are made of 2 ¼" Square glued up strips of Solid Oak with a slight decorative taper.
Glides adjust to 3/4"
Attachment of leg to top is secured using a 5" x 5" Steel Leg Plate with all metal-to-metal attachment

Tops have a .050 High Pressure Laminate face and balancing sheet over a 1 ¼" Particle Board Core with a ¾" Red Oak Trim

Finish process includes a final coat of catalyzed clear varnish

Finish Colors available as standard include Lt, Med, Dark, Chestnut and Mahogany   on Oak and Natural or Cherry on Maple

**Laminate Selections** available from all standard Wilson Art, Pionite, Formica or Nevamar

All of Paladin's fine finished red oak veneer plywood library shelving is sanded to a silky smooth finish using 150 grit sand paper. Panels are 1" thick, selected Northern Red Oak veneered plywood. All units have adjustable shelves in 1 ¼" increments in 1" plywood or optional 18 gauge steel. Paladin's rich, deep, and lustrous wood stains are accomplished by our five step finishing process. Starting with hand sanding and completed with a top coat of clear catalyzed lacquer for an extremely hard and durable finish. As with all of the Paladin Caseworks products – Arcadia shelving can be ordered with a custom stain and custom laminates to perfectly match your color scheme.

Fully captured backs are included for a more finished look and added stability. Backs are a true ¼" slate gray melamine MDF core. Backs for both double sided and single sided units are finished on both sides.

All units 72 and 82" high include our unique H-brace made of oak veneer plywood. This H-brace is designed to eliminate bowing that may occur when temperature and humidity change.

Our standard Arcadia shelving is available in several depths and heights and can also be ordered in any custom size to fit your unique needs.

Shelving units are carefully hand packaged for shipment. Assembly is required. For ease of assembly "Quick Assembly" instructions, with a parts list, is enclosed with each unit. All assembly hardware is USA standard size, no special tools are required.

Every piece of furniture is available in any combination of the following heights and depths:

Single Faced Units:
30, 42, 48, 60, 72 and 82 high
8, 10 and 12 deep

Double Faced Units:
42, 48, 60, 72 and 82 high
16, 20 and 24 deep

Custom and complete

The Arcadian Series Shelving

End Panels are 1" Rift cut thick oak veneer plywood
Center Panels are also 1" thick Rift cut oak veneer plywood

Shelves are 1" oak veneer plywood with 1/4" solid oak band on front edge
Shelf Increments are adjustable in 1 ¼" increments
Shelf Pins are mounted on 5mm Steel pins in holes drilled 32mm on center

Top Fillers for shelving units 42", 48" and 60" h utilize durable high pressure laminate surfaces. Shelving units that are 72" and 82" h require top fillers that is inverted so the wood veneers are visible inside the shelving unit.
Bases are constructed of 3 ½" veneer core plywood

Species of wood veneers available standard include Oak

Finish Colors available as standard include Lt, Med, Dark, Chestnut and Mahogany on Oak and Natural or Cherry on Maple. Custom finishes available upon request.

Optional accessories include solid picture book shelves w/ wire dividers, Plywood magazine display shelves, 18 ga steel flat, backstop, picture book, magazine and multi-media shelves, book stops, mobile shelving with steel bases and optional veneer backs.

The Arcadia Circulation Desk ships completely set-up like fine case goods yet is engineered to bring great value. All units can be mixed and matched to configure into a personalized circulation desk that supports your work style. With the introduction of the new 30 and 45-degree shells configurations can take on a full or partial circular design. Desks units, storage units and technical units are available in either elementary height (29") or adult height (39"). Multiple storage options are also available to optimize your storage and organizational needs. Arcadia's unique top down wire management with pop off covers for easy access is standard.

All Arcadia circulation desk tops are continuous, self edged tops with 1 ¼" thick particleboard core for extra rigidity. The .050 thick high pressure laminate top with balancing backer sheet eliminates warping.

All Arcadia circulation desk components on the patron side receive Paladin's rich, deep, and lustrous wood stains, accomplished by our five step finishing process. Starting with hand sanding and completed with a clear catalyzed lacquer for an extremely hard and durable finish. The librarian side in composed of both Northern Red Oak veneers and a beautiful slat gray melamine with MDF core on exposed surfaces.

As with all of the Paladin Caseworks products – Arcadia circulation desks can be ordered with a custom stain and custom laminates to perfectly match your color scheme.
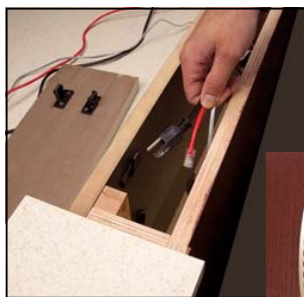

Every piece of furniture is available in any combination of the following heights:

Elementary Height:
29" high cabinets
29" high librarian work
    surfaces

Standard Height:
39" high cabinets and
    patron ledges
29" high librarian work
    surfaces

The Arcadia Series Circulation Desk

End Panels are ¾" thick Rift cut red oak veneer plywood

Front Panels feature Rift cut red oak Veneer for a more consistent finish and uniform appearance.

Counter Tops are continuous self edged tops, .050 High Pressure Laminate with balancing sheet on a 1 ¼" thick particle board core

Modular Sectional Pieces are constructed of 3/4" slat gray melamine with MDF core, using dowel, glued and screwed construction

Species of wood veneer available as standard include Oak
Finish Colors available as standard include Lt, Med, Dark, Chestnut and Mahogany on Oak and Natural or Cherry on Maple. Melamine is available in slate gray only.
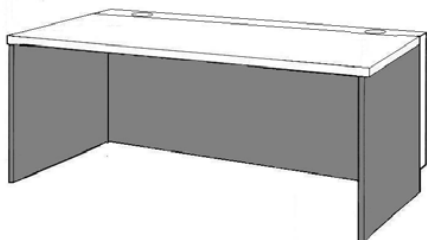

Accessories include pedestals in multiple configurations, keyboard pull out, lap drawer, grommets and J-channel.

ARCADIA READING TABLES

The Arcadia Tables feature the strongest table leg attachment system – solid oak legs attaching to a ¼" steel plate with two steel bolts into an imbedded double barrel nut. Each leg plate assembly is then machine bolted into the table top in a star pattern of five pre-threaded metal inserts. Legs must be attached.

Arcadia tables have a 1 ¼" thick top that utilizes a .050 thick high pressure laminate with balancing backer sheet to eliminate warping. A ¾" x 1 ¼" northern grown solid oak edge band is hand applied and profiled. The unique edge band gives you the durability of an external edge without the void usually found between the HPL and hardwood.
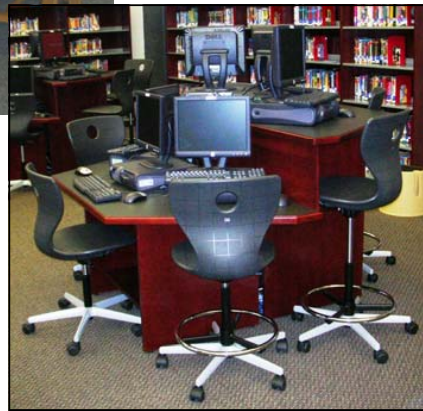

Paladin's rich, deep, and lustrous wood stains are accomplished by our five step finishing process. Starting with hand sanding and completed with one coat of clear catalyzed lacquer for an extremely hard and durable finish.

As with all of the Paladin Caseworks products – Arcadia tables can be ordered with a custom stain and custom laminate to perfectly match your color scheme.

Our standard Arcadia tables are available in many shapes and heights but can also be ordered in any custom shape or size to fit your unique needs.

Every piece of furniture is available in any combination of the following depth, width or heights:

Elementary Height, 27" h:
30, 36, 42, and 48"deep
42, 48, 60, 72 and 90" wide

Standard Height, 29" h:
30, 36, 42, and 48" deep
42, 48, 60, 72 and 90" wide
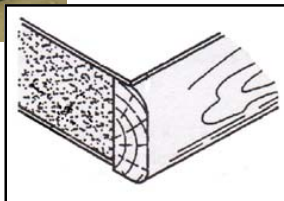

The Arcadia Series Reading Table

Legs are made of 2 ¼" Square glued up strips of Solid Oak
Glides adjust to 3/4"
Attachment of leg to top is secured using a 5" x 5" Steel Leg Plate with all metal-to-metal attachment

Tops have a .050 High Pressure Laminate face and balancing sheet over a 1 ¼" Particle Board Core with a ¾" Red Oak Trim

Finish process includes a final coat of catalyzed clear varnish

Finish Colors available as standard include Lt, Med, Dark, Chestnut and Mahogany on Oak

Laminate Selections available from all standard Wilson Art, Pionite, Formica or Nevamar

End Panels for Cantilever Shelving

Allow these end panels to add style to your steel cantilever shelving. The panels will fit the most common steel shelving manufacturers but can also be modified to fit if you have unusual sizes.

These unique designs are available in double faced applications. For single faced, the panels would be square or arched veneer panels to complement you panels in the double faced locations.

Mounting hardware should be provided by your steel shelving manufacture to insure a proper fit.

Paladin's rich, deep, and lustrous wood stains are accomplished by our five step finishing process. Starting with hand sanding and completed with one coat of clear catalyzed lacquer for an extremely hard and durable finish.

As with all of the Paladin Caseworks products – Decorative End Panels can be ordered with a custom stain and custom laminate to perfectly match your color scheme.

Our standard Decorative End Panels are available in many shapes and heights but can also be ordered in any custom size to fit your unique needs.

Designer End Panels are available in any combination of the following width or heights of steel shelving:

Heights for: 42, 66, 78, 84 and 90" high

Widths for: 18, 20 and 24" widths

Custom and complete library projects are available on a quoted basis.

The Decorative End Panels

Veneers are rift cut oak veneer plywood, or optional maple
Edge Bands are solid hardwood, oak or maple

Laminates are a .050 High Pressure Laminate face
Acrylics are frosted ¼" thick trimmed in solid oak
Metal Slats are extruded aluminum and are 1" on center slats
Black Slates are PVC extruded plastic and are 1" on center slats

Finish process includes a final coat of catalyzed clear varnish
Finish Colors available as standard include Lt, Med, Dark, Chestnut and Mahogany on Oak

Laminate Selections available from all standard Wilson Art, Pionite, Formica or Nevamar
